Disclosure of Relevant Financial Relationships and Unapproved Uses of Products

It is policy at Intermountain Healthcare’s Interprofessional Continuing Education Department for individuals who are in a position to control the content of an educational activity to disclose to the learners all relevant financial relationships that they have with any commercial interest that provide products or services that may be relevant to the content of this continuing education activity. For this purpose, we consider relationships of the person involved to include financial relationships of a spouse or partner.

The intent of this policy is to ensure that Intermountain Healthcare certified activities promote quality and safety, are effective in improving medical practice, are based on valid content, and are independent of control from commercial interests and free of commercial bias. In addition, all faculty were instructed to provide balanced, scientifically rigorous and evidence-based presentations.

The staff in the Interprofessional Continuing Education Department (IPCE) have disclosed that they have no relevant financial relationships with any commercial interests related to the content of this educational activity. Neither the speaker(s), planner(s) nor anyone in control of content for today's accredited RSS have any relevant financial relationship(s).

The Accreditation Council for Continuing Medical Education (ACCME) standards and guidelines require that individuals participating in CE activities are aware of commercial interests that could potentially affect the education presented. Intermountain Healthcare adheres to the ACCME Standards regarding industry support of continuing education and disclosure of faculty and commercial sponsor relationships (if any) will be made known below.

Name of individual	Individual's role in activity	Name of commercial interest/Nature of relationship
Xylina Gregg, MD	Faculty	Nothing to disclose
Zachary Reese, MD	Faculty	Nothing to disclose
Shivani Shinde, MD	Faculty	Nothing to disclose
Margaret Van Meter, MD	Faculty	Nothing to disclose

Intermountain Healthcare has resolved all conflicts of interest prior to this educational activity. For information on this process, please contact the IPCE department at 801.442.3930 or email IPCE@imail.org.

Relevant financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected.
