COURSE DESCRIPTION

This program is designed to provide a comprehensive review of the core information required for surgeons preparing for the competency written examination to qualify to practice Cardiovascular & Thoracic surgery. This course is also intended to serve board certified physicians preparing to re-certify. Seventy-eight subjects are reviewed in rapid fire, concise lectures supplemented by visual projections. The lectures are preceded and followed by test questions. An interactive teaching system is used to provide immediate assessment of deficiency in knowledge, so as to allow the participant to later focus supplemental study in areas of weakness. Two question books, an extensive review syllabus and electronic download are provided with information abstracted from the leading textbooks of thoracic and cardiac surgery. This course is hard work and only for those sincerely interested in an overview of Cardiovascular & Thoracic surgery. The course conforms to the basic curriculum in thoracic and cardiovascular surgery recommended by the Thoracic Surgery Directors Association.

CORE SUBJECTS

- SVC Syndrome and Pulmonary Embolism
- Chest Wall Congenital Deformities and Tumors
- Thoracic Trauma
- Bullous Emphysema and Pneumothorax
- Pulmonary Infections
- Pulmonary Fungus/Tuberculosis
- Mediastinal Tumors
- Pulmonary Anomalies
- Lung Cancer – Diagnosis
- Lung Cancer – Staging
- Lung Cancer – Surgery
- Lung Cancer – Metastatic Disease/Adjuvant Therapy
- Benign Lung Tumors
- Thoracic Outlet Syndrome
- Esophageal Diagnostic Procedures
- Pulmonary Diagnostic Testing
- The Diaphragm
- The Pleura
- The Trachea
- Esophageal Congenital Disorders/Burns/Strictures
- Esophageal Motility Disorders
- Gastroesophageal Reflux/Benign Esophageal Tumors
- Esophageal Cancer
- Cardiac Anatomy
- Cardiovascular Physiology
- Cardiovascular Pharmacology
- Critical Care Physiology
- Acute Heart Failure
- Cardiopulmonary Bypass/Myocardial Protection
- Coronary Artery Disease
- Myocardial Infarction
- Myocardial Revascularization
- Post Infarction LV Aneurysm and VSD
- Ischemic Mitral Disease
- Combined Coronary/Carotid/Valvular Disease
- Aortic Valve Disease
- Mitral Valve Disease
- Tricuspid and Multiple Valve Disease
- Prosthetic Valve Selection/Transcatheter Therapies
- Endocarditis
- Clinical Trials in Coronary Artery Disease
- Thoracic Radiography
- Anesthesia
- Echocardiography
- Cardiac Tumors
- Hypertrophic Cardiomyopathy
- The Pericardium
- Cardiac Transplantation
- Lung and Heart-Lung Transplantation
- Transplant Immunology
- Assisted Circulation
- Surgical Treatment of Heart Failure
- Cardiac Arrhythmia
- Complications and Less Invasive Operations
- Aortic Aneurysm
- Aortic Dissection
- Developmental Anatomy
- Palliative Operations
- Patent Ductus Arteriosus/Aortopulmonary Window
- Coarctation of the Aorta/Interrupted Aortic Arch
- Atrial Septal Defect/PAPVC
- Ventricular Septal Defect
- Atrioventricular Septal Defect
- Tetralogy of Fallot
- Coronary Anomalies
- Truncus Arteriosus
- Pulmonary Stenosis/Pulmonary Atresia
- Vascular Rings and Slings
- Congenital Aortic Stenosis
- Sinus of Valsalva Aneurysm/Fistula
- Ebstein Anomaly
- Single Ventricle Anomalies
- Hypoplastic Left Heart Syndrome
- Transposition of the Great Arteries
- Corrected Transposition of the Great Arteries
- DORV and Atrial Isomerism
- TAPVR/Cor Triatriatum

MEETING SCHEDULE

Saturday, September 11, 2021

- 7:00 AM Registration and Breakfast
- 7:30 AM Introduction and Demonstration
- 8:00 AM Practice Examination + 10-minute break
- 9:00 AM 8 Core Subjects + 10-minute break
- 12:00 PM Lunch
- 12:30 PM 11 Core Subjects + Two 10-minute breaks
- 5:00 PM Bus Departs from Intermountain Medical Center
- 5:30 PM Mitral/Tricuspid Wetlab

Sunday, September 12, 2021

- 7:00 AM Breakfast
- 7:30 AM 12 Core Subjects + Two 10-minute breaks
- 12:20 PM Lunch
- 12:50 PM 11 Core Subjects + Two 10-minute breaks
- 5:00 PM Dinner and Oral Board Review

Monday, September 13, 2021

- 7:00 AM Breakfast
- 7:30 AM 12 Core subjects + two 10-minute breaks
- 12:10 PM Lunch
- 12:40 PM 10 Core subjects + two 10-minute breaks
- 4:30 PM Bus Departs from Intermountain Medical Center
- 5:30 PM TEVAR/TAVR Wetlab

Tuesday, September 14, 2021

- 7:00 AM Breakfast
- 7:30 AM 13 Core Subjects + Two 10-minute breaks
- 12:10 PM Box Lunch and bus leaves to SLC Airport

PURPOSE

To provide a comprehensive review of the core information required for surgeons preparing for the written competency examination to qualify for certification in Cardiovascular & Thoracic surgery. The goal of this course is to help participants identify strengths and weaknesses in their fund of knowledge and support their preparation for the qualifying examination.

ACCREDITATION

Intermountain Healthcare is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA PRA Credit: Intermountain Healthcare designates this live activity for a maximum of 31.5* *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CONTACTS

For questions about registration or continuing education credit, please contact Intermountain Healthcare Interprofessional Continuing Education at 1-801-507-8470 or Toll-Free at 1-800-910-7262 or email ipce@imail.org.

REGISTRATION INFORMATION

An early-bird registration fee is available for \$650 through July 31, 2021. The registration price will be \$700 on August 1. Registration includes conference materials, meals, and daily transportation from hotel to course location and return. Payment is due at time of registration.

The cancellation and reimbursement policy allows for full (100%) registration reimbursement for cancellation more than fourteen (14) days prior to the beginning of the activity, half (50%) registration reimbursement for cancellation between four (4) and fourteen (14) days prior to the beginning of the activity, and no reimbursement for cancellation three (3) days or less prior to the beginning of the activity.

Exemptions may be allowed only under extenuating circumstances and with approval from the IPCE Director, IPCE Medical Director, and AVP for IPCE.

NOTE: If your address or phone number changes after registration, please notify the IPCE office.

TRANSPORTATION and ACCOMMODATIONS

A block of rooms will be reserved at the Residence Inn by Marriott Salt Lake City Murray at a discounted rate. Please call the Residence Inn Marriott at 1-801-262-4200 to make your reservation. To receive the discounted rate, be sure to let them know you are with the Intermountain Healthcare Core Curriculum course. The hotel room reservation deadline is August 20th, 2021. Reservations made after August 20th are subject to availability.

As a participant in the Cardiovascular & Thoracic Surgery Core Curriculum Review Course, complimentary bus services will be provided to and from the conference location. This service is only available if you are staying at the Residence Inn Marriott Salt Lake City Murray. *If you miss or choose not to ride the bus, you will be responsible for arranging your own transportation.

The airport TRAX line is also open for service. For more information visit www.rideuta.com.

Transportation to the airport at the close of the meeting will be provided. If possible, please make your flight departure time after 3:00 PM if you are leaving on the last day of the course.

CARDIOVASCULAR & THORACIC SURGERY CORE CURRICULUM REVIEW – 2021

Each participant receives two question books, and access to online video recordings of the lectures after the course.

We use an interactive teaching system to provide immediate assessment of knowledge, allowing participants to focus supplemental study time on weaker areas.

The Core Review is broken down into highly-organized, rapid fire, 20-minute lectures that cover the 78 subjects in preparation for the American Board of Thoracic Surgery certification exam.

Early-bird registration available for \$650 through July 31.
