

Keynote Speaker

Carolyn Jones has spent the last seven years interviewing, photographing and filming nurses across America, traveling to places dealing with some of the nation's biggest public health issues. Her feature documentaries include The American Nurse, which was featured in the U.S. State Department's American Film Showcase, and Defining Hope, recently broadcast over 1,000 times on PBS stations nationwide. Carolyn is currently in production on her latest project, a documentary about the important and unique role that nurses play in Emergency Departments across the country.

Life Flight Annual Memorial Speaker

Dr. Daniel Mollicone is Chief Scientist and CEO of Pulsar Informatics, Inc. Dr. Mollicone holds degrees in Engineering Physics and Biomedical Engineering. — 43rd Annual —
Current Concepts in
Neonatal and Pediatric
Transport Conference 2021

Objectives

Upon completion, the participant will be able to:

- Provide clinical care consistent with current guidelines of practice for specialty team transports
- Demonstrate assessment and stabilization skills for the care and management of critically ill patients
- Outline management options for specific clinical disease states
- Discuss limitations and effects of the transport environment on the patient

About us

Intermountain Life Flight Children's Services delivers specialty care for newborns, infants, children, and adolescents via jet, fixed wing, rotor wing, and ground ambulance. We are Utah's only dedicated pediatric transport team.

— 43rd Annual —
Current Concepts in Neonatal and Pediatric
Transport Conference 2021

Salt Lake City, Utah | February 17–19

Conference Description

During the period of transport, critically ill neonates and children are at risk from disease, injury, and the transport itself. This risk can be minimized by good communication between the referring and receiving providers, careful evaluation and management, anticipation of complications, and a well-equipped and well-trained team. This two-day course provides a comprehensive approach to clinical issues related to neonatal and pediatric transport.

Nursing Credit

Intermountain Healthcare is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. This activity is being jointly provided by Intermountain Healthcare, Primary Children's Hospital, the Department of Pediatrics at the University of Utah School of Medicine, and Intermountain Life Flight. This educational activity offers 15* nursing contact hours. An additional 4 nursing contact hours are available for the optional pre-conference trauma workshop. Successful completion is claiming credit only for the session(s) attended.

Respiratory Care Credit

Primary Children's Hospital has submitted an application for 15* hours to the American Association for Respiratory Care (AARC) for continuing education contact hours for respiratory therapists. Please provide AARC membership number during registration process.

Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Intermountain Healthcare, Primary Children's Hospital, the Department of Pediatrics at the University of Utah School of Medicine and Intermountain Life Flight. Intermountain Healthcare is accredited by the ACCME to provide continuing medical education for physicians.

AMA PRA Credit

Intermountain Healthcare designates this live activity for a maximum of 15* AMA PRA Category 1 Credit(s)™ for the Main Conference and an additional 4 hours available for the optional pre-conference trauma workshop. Physicians should only claim credit commensurate with the extent of their participation in the activity.

CAPCE

An application for accreditation has been submitted to the Commission on the Accreditation for Pre-Hospital Continuing Education. *Credit hours are subject to change and are based on actual learning hours and at the discretion of IPCE.

Landing Zone: Hot Topics Hour
Thursday 5:30 PM–6:30 PM

Join us for a networking hour where hot topics and burning questions will be discussed with members of other flight teams attending the conference.

Target Audience

Nurses, respiratory therapists, physicians, advanced practice clinicians, and paramedics who have training in the transport of neonatal and pediatric patients to tertiary care centers.
